Freedom of Speech not allowed in Socialist system  
Courts rubberstamp all Govt decisions  
Media controlled by Govt - No free press  
No guaranteed rights - No Rule of Law Protections

...produces many products public doesn't want or need  
Government will decide what public needs  
Socialism: Cultivates dependency - Kills ambition  
Rulers become permanent - no free elections  
Citizens unprotected from unconstitutional laws  
Open Borders = more supporters of socialist rulers  
Huge Tax Increases on all taxpayers

Human rights violations  
Massive confiscation of wealth  
Certain religions targeted and harassed

Socialist control is permanent - no going back

Socialism always promises Utopia ... "free" everything  
Big promises of massive new benefits, with no new taxes!  
Citizens have no money left for anything but government

Control by "the people" is control by "government"  
...Socialists say "people" when they mean "government"  
93 Trillion - \$600K per family for Green New Deal+Freebies

...until the economy collapses  
Price and Currency controls, rationing of goods  
Loss of freedom, rights and personal income  
Collapse of GDP by 40% in near term =  
40% less money earned = 40% less taxes paid= shortfall  
...rich paying 90% so Middle Class must cover shortfall  
Rationing of healthcare to cut costs  
...becomes war on the elderly - an expendable group  
Private health insurance illegal  
Socialists try to appear cool, hip and with-it to attract  
...younger voters, but ultimately offer misery and tyranny
